INTRODUCTION

The Mininstry of Education and Culture of the Government of India has graciously aided a Project of collecting, conserving, cataloguing and publication of Palmleaf Manuscripts of the Tamil University, Thanjavur.

Compilation of a Union Catalogue of Tamil Palmleaf Manuscripts available in Tamil Nadu is one of the endeavours of the Project, which is significantly progressing by compiling the data in a computerised Database named TAMILLARS/-PALMLEAF LINE (Tamil Literature Analysis and Retrieval Services/Palmleaf Line) using TAMIL/MARC software developed indigenously by the Tamil University.

Objectives

1. Since the compilation and publication of a Union Catalogue of Tamil Palmleaf Manuscripts processed by a computer at the Tamil University is a unique attempt in India, it was felt necessary to test the capacity, capability and the efficiency of the computer software designed for this purpose by publishing a "Catalogue of Tamil Palmleaf Manuscripts available in the Tamil University", by using the same computer Database being prepared for the compilation of a Union Catalogue of Tamil Palmleaf Manuscripts available in Tamil Nadu.

2. The aim of this Catalogue is to bring to the notice of scholars, especially the researchers, a list of Tamil Palmleaf Manuscripts available in the collection of the Tamil University.

3. As the purpose of this Catalogue is to reach the scholars in several countries this edition is brought out in Roman script and the Subject Headings in English Language. Another edition of this Catalogue in Tamil script for those who know Tamil Language only will follow.

Coverage

1. This Catalogue covers the collection of Palmleaf Manuscripts in Tamil Language available in the Department of Manuscriptology, Tamil University, Thanjavur as on 1-9-1985. Since the collection is still increasing day by day this Catalogue will be updated either by Supplements or by Revised Editions as and when necessary.

2. The present collection is a consolidation of various small collections from different parts of Tamil Nadu which were acquired by the Tamil University. Some of the notable collections which have been enlisted in this Catalogue are from the following Institutions and individuals who magnanimously offered them, to this University.

1. Sri Kasi Mutt, Thiruppanandal, Thanjavur District

2. Sri Palaiya Swamigal Mutt, Karanthai, Thanjavur

3. Sri Isana Gnana Desikar Mutt, Thiruvannamalai

4. Sri Valaiyanandha Swamigal Mutt, Thiruppoonthuruthi, Thanjavur District

5. Sri Aranganathapperumal Temple, SriRangam, Trichi

6. Thiru R.Govindarajalu, Manojiappa Street, Thanjavur

7. Dr.R.S.Rajanbabu, North Car Street, SriRangam, Trichi

8. Thiru Adigalasiriyar, Associate Professor, Tamil University

9. Thiru G.G.Nandhakumar, Anna Saalai, Madras

10. Thiru R.Ramanuja Aiyangar, Ramanathapuram

11. Janab K.S.Syed Mohammed Annaviyar, Athirampattinam, Thanjavur District

12. Thiru Subbiah Servai, Vaiyapuripatti, Ramnad District

13. Dr.E.G.Baskardas, P.S.G.Arts College, Coimbatore

Limitations

1. For using a computer with a keyboard in Roman script, the transliteration of Tamil script has posed a problem, in following the standard Table of Transliteration. The diacritical marks could not be provided. To overcome this limitation, a special Table of Transliteration has been adopted which has been provided before Part A of this Catalogue.

2. Since the punctuation mark "comma" is one of the characters for programming, comma could not be used to succeed the Surname and a "hyphen" is substituted for the said function.

Arrangement

This Catalogue consists of two parts.

Part A consists of entries arranged in a Classified sequence of subjects. The Classification Scheme followed for this purpose is the Fifth Edition of Colon Classification of Shiyali Ramamirtha Ranganathan. For depth classification of subjects like Tamil Literature, Philosophy etc., the Scheme has been modified as per the concept of "Local Variation". Each entry has a unique Serial Number which can be used for location purpose.

Part B consists of Indices. Each entry in the Indices provides Serial number or numbers using which the specific Main Entry or Entries can be located in Part A for full particulars.

The following are the different Indices in Part B:

1. Author Index

This has been arranged in an alphabetical sequence by the Surnames of Authors. Honorific and Religious titles which form the prefixes and suffixes of the Surnames have been omitted. Entries which do not have Author statements have been denoted by "---" statement in Part A.

As there will be little or no possibility to search at the Author Index for entries without specific names of Authors, such entries do not occur in this Index though they are found in Part A.

2. Commentator Index

Arranged alphabetically, these entries denote the Surnames of Commentators. For these entries there may be Author statements also.

3. Index of Subject Headings

Though the Thesaurus constructed and entered in the computer software for the recognition of the Subject Headings by the computer consists of 627 entries, from out of the holdings of the Tamil University the present Catalogue will contain only 135 Subject Headings. This is because of the fact that the collection is not large enough to represent a large number of Subject Headings already encoded.

Each entry in this Index leads to the range of the Serial number or numbers which is covered by a specific Subject Heading.

In the Index of Subject Headings, English terms are used to denote the subjects which are familiarly known in English language. Such Headings are arranged in the first part of this Index. Subject Headings which are in Tamil Language are transliterated in Roman script and they succeed after the Subject Headings in English are over.

4. Title Index

Titles of works which have been identified are arranged in an alphabetical sequence.

Bibliometry

As the data has been processed by a computer, it was easy to provide statistical details of various angles of the Entries of the Catalogue, which have been provided in Part B after the Indices.

Computer output

The printing of this book has been done on an Electronic Typewriter interfaced with the computer on which the Catalogue was processed. This publication has been printedat the Tamil University Offset Printing Press.

Acknowledgements

The Tamil University thankfully acknowledges the Ministry of Education and Culture of the Government of India for entrusting this Project along with financial aid; the Vice-Chancellor Dr.V.I.Subramoniam for his sustained advice and encouragement to bring out this publication; the Compilers of this Catalogue Pulavar P.V.Nagarajan, B.Litt., Visharath, Department of Manuscriptology for his contribution in deciphering the Scripts and contents of the Palmleaf manuscripts and providing data for the Catalogue; T.Padmanaban, M.A.,M.L.I.S., Deputy Director, Documentation and Library Service for designing a Schedule of Classification and a Code for Cataloguing and assisting in the development of the software; and K.C.Chellamuthu, B.E.(Hons)., M.E., Associate Professor in Computer Science for developing the computer software namely TAMILLARS/PALMLEAF LINE, processing the data in the computer and for bringing out the output suitable for printing purpose through an interfaced Electronic typewriter; the Faculty of Manuscriptology; the Staff of this Project; the Computer Centre; the Offset Printing Press of the Tamil University; and the various Institutions for their constructive suggestions on the Experimental Fascicule of this Catalogue.

An Appeal to the Readers

This Catalogue is a forerunner of the "Union Catalogue of Tamil Palmleaf Manuscripts in Tamil Nadu", which will be a massive task. Hence any suggestive comments and criticisms on this Publication are invited to enable us to take a firm Second Step.

SAMPLE ENTRY

Entry	Element
patikam	Subject Heading
481	Serial Number
civappirakaacar-tuRaimangkalam	Name of the Author
apiTeekamaalai	Title
Appaavucuvaamikal	Name of the Commentator
Prose & Verse	Form of the work
Leaves 29	No. of palmleaves
Incomplete	Completeness statement
Acn.no.215	Accession Number Statement

Subject Heading

Each Subject Heading appears in the left most margin.

Serial Number

This is a unique number which runs serially throughout Part A and serves to locate the specific entry when approached through Author Index, Commentator Index and Index of Subject Headings.

Name of the Author

The Surname of the author is used as the Heading and is succeeded by a "Hyphen" as a separating element. Honorific and Religious titles are omitted and are retained in exceptional cases only. The terms "Munivar", "Munivan" etc, are uniformly rendered as "Muni" in the case of authors in Siddha Medicine; and as "Munivar" in the remaining entries. If the provision of the name of the place of the author is necessary to identify or individualise the author, it is retained. When there are many authors with a common name, the usual epithet for the author is retained. If an author for a work is not identified, a "---" is rendered to specify the absence of a name.

Title

If the title exceeds 40 characters, three dots are put after the 37th character and the title is cut short. A subtitle is preceded by a colon. If the title of the manuscript could not be deciphered, its absence is mentioned as "peyar teriyaata nul".

Name of the commentator

The name of the commentator is rendered as per the same rules adopted for the entry of the name of the author.

Form of the Work

Whether the work is in Prose form or Verse form is specified by the Terms "Prose" or "Verse". If a work is a combination of both the forms, it is rendered as as "Prose & Verse".

Number of Palmleaves

The number of palmleaves which form the specific work is rendered as "Leaves", followed by Indo-Arabic Numerals.

Completeness Statement

The words "Complete" or "Incomplete" indicate whether the work contains all the parts of the work upto its conclusion or end of the work or whether it remains unfinished.

Accession Number Statement

This denotes the Accession Number in the Accession Register of the Tamil University, which helps to locate the specific palmleaf manuscript in the collection.
